

Plants in my mobile phone

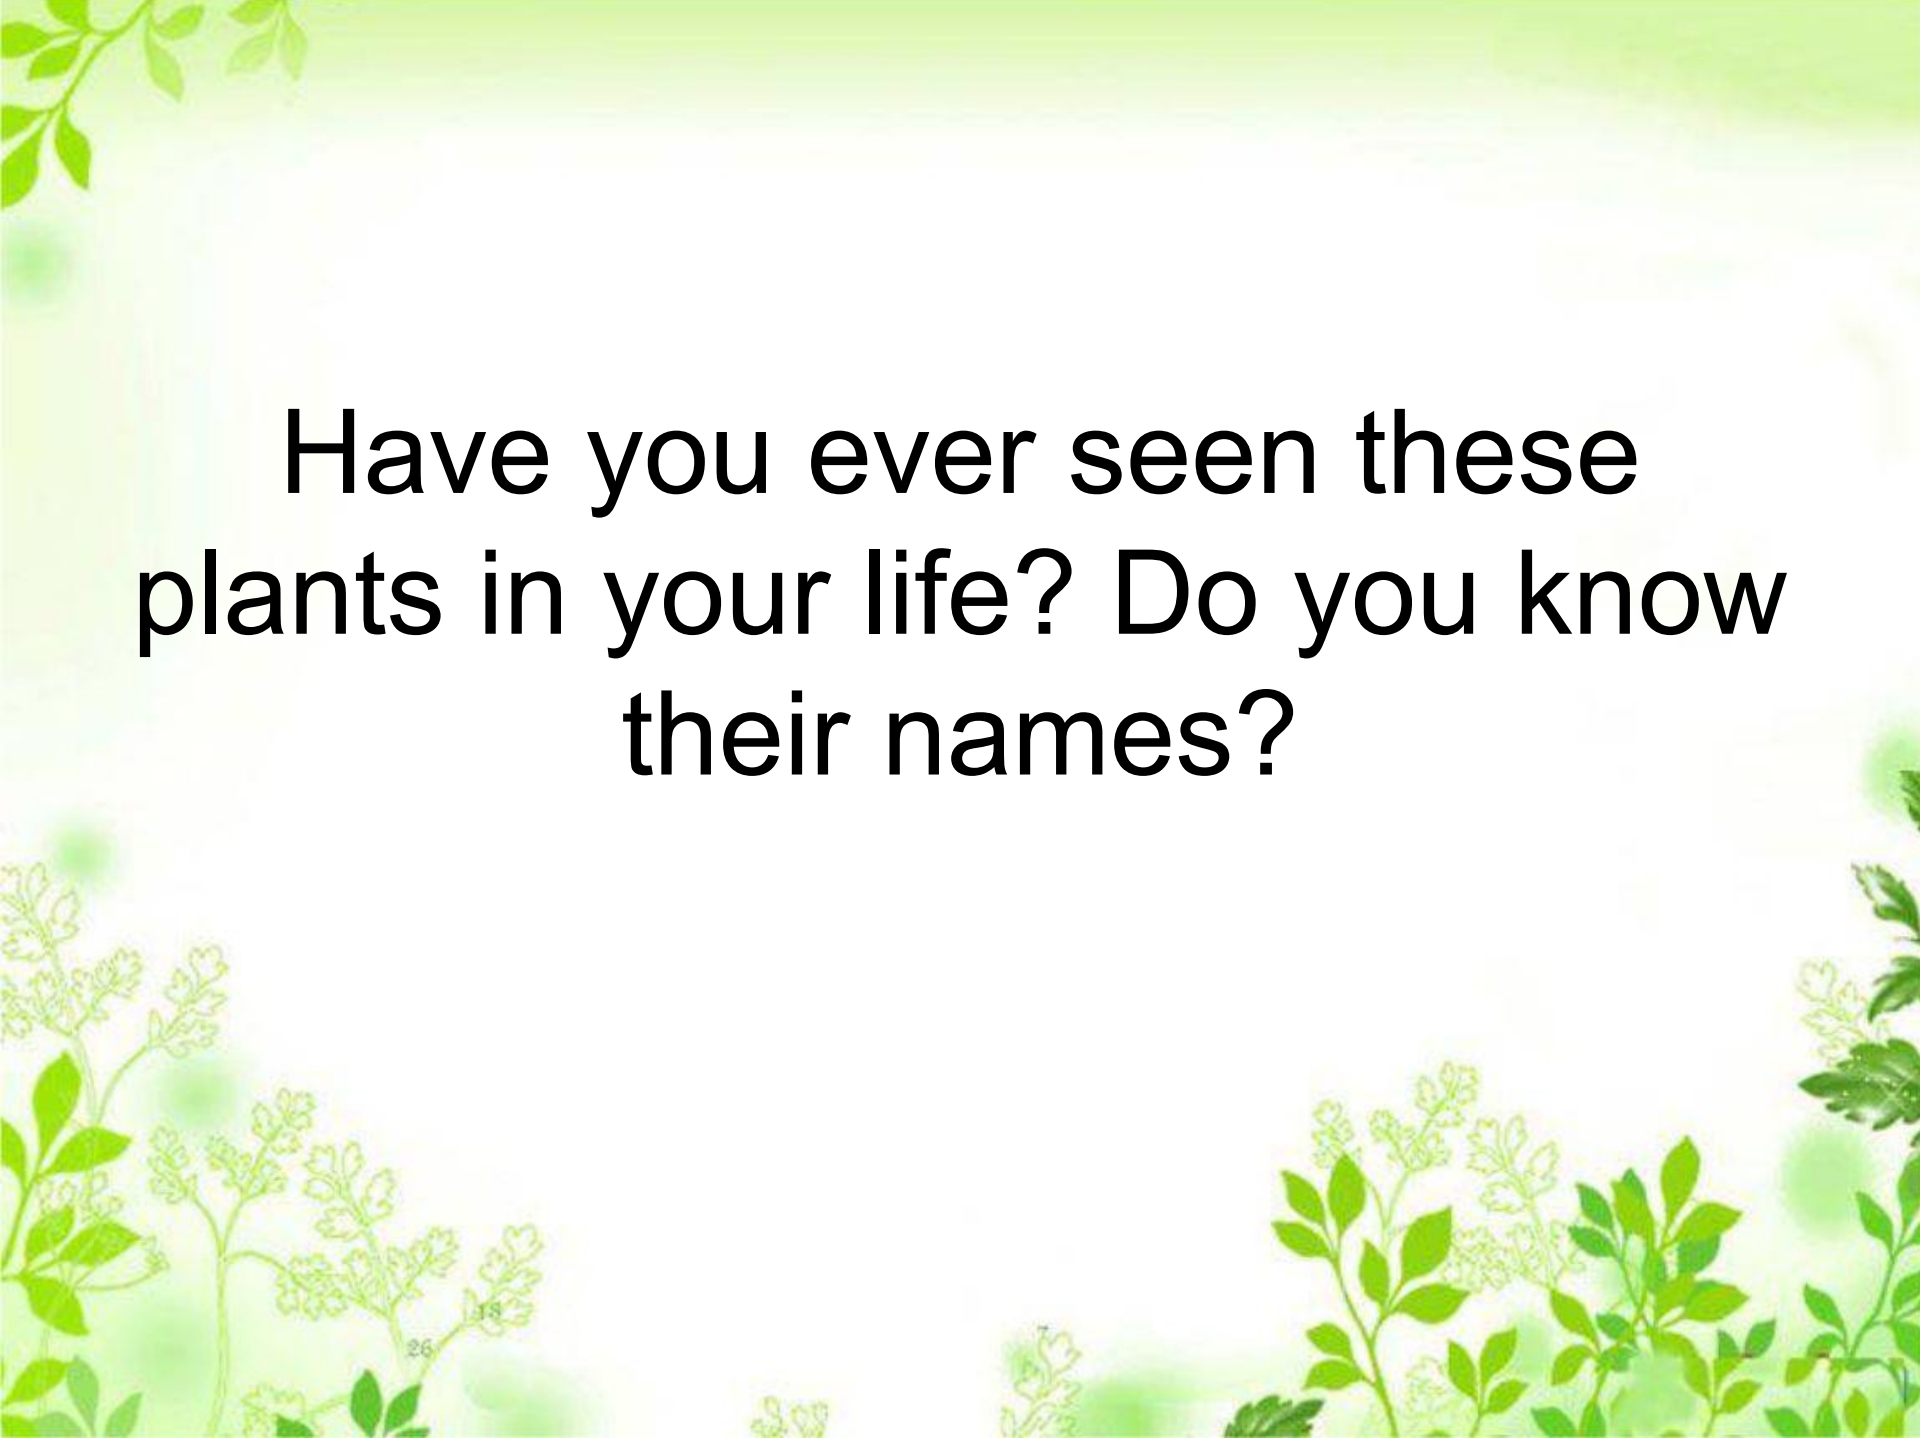

Plants in my circle of friends

U5 Plants Make Life Better

Warm up, Listening&Speaking(A)

The image features a light green background with decorative illustrations of green leaves and stems in the corners. The text is centered in a large, black, sans-serif font.

Have you ever seen these
plants in your life? Do you know
their names?

rose

lily

cherry

lanvender

cactus

daisy

orchid

tulip

sunflower

lotus

jasmine

succulent

Which plants do you like most and why?
Talk with your partner and share your ideas.

Example:

I like cacti very much. They are always green, my favourite colour. They make my room look natural.
Besides, they are really easy to grow.

More examples:

1. My favorite plant is the Lucky Bamboo.I have loved it since Mom bought one to me .It is always green and easy to plant.It also brings me more fresh air and makes my room look nicer.

2. My favourite plant is rose.Firstly,it's beautiful.It has many colours:red,blue,yellow,and it smells good.Secondly,it makes me learn something important,it has spine(刺),but its flower is still beautiful,that means the bad thing also has its beauty.Besides,rose is the symbol of love.So I like rose very much!

Benefits of plants:

make room natural

make air clean

cultivate one's taste

百家号/成长道路谁都会受伤
