1

Speaker: Mr. Wang Yi, National Model Worker, Senior Technician

Subject: Do we still need the spirit of craftsmanship?

Time: 2:00 pm–4:00 pm, June 22nd

Place: Room 202, Teaching Building 1

Read and match. 读下面四个文本，为其匹配恰当的标题。

- ☐ A. The Spirit of Craftsmanship is Needed
- ☐ B. A Message from a National Model Worker
- ☐ C. Measures Introduced to Improve Quality
- ☒ D. Woman Behind the Success of Large Compressors

2

Jiang Yan is an engineer at SBW Group. She is well-known for designing China's first compressor (压缩机) which is capable of producing one million tons of ethylene (乙烯) every year. Only a handful of countries in world are able to design and build such large compressors. Now, Jiang Yan and her team has made China one of them.

Read and match. 读下面四个文本，为其匹配恰当的标题。

☐

A. The Spirit of Craftsmanship is Needed

☐

B. A Message from a National Model Worker

☒

C. Measures Introduced to Improve Quality

☐

D. Woman Behind the Success of Large Compressors

3

Sinotruk is the biggest producer of heavy trucks in China. Recently, the company is taking measures to improve the quality of its products. “Each part of our trucks has its own ID. Once a quality problem is found, we can use it to find out those who are responsible,” said a senior manager at Sinotruk.

Read and match. 读下面四个文本，为其匹配恰当的标题。

A. The Spirit of Craftsmanship is Needed

B. A Message from a National Model Worker

C. Measures Introduced to Improve Quality

D. Woman Behind the Success of Large Compressors

4

The quality of the products which are made in China has been improved a lot in recent years, but a lot of them are still far from perfect. Seeking perfection is a key element of craftsmanship. If every Chinese worker can have the spirit of craftsmanship, products we make will be more popular around the world.
