

试一试

先把9个分成两堆，再填一填。

$$\square + \square = \square$$

$$\square - \square = \square$$

$$\square + \square = \square$$

$$\square - \square = \square$$

做游戏，找朋友

要求：要加起来是9

$$\square + \square = 9$$

$$9 - \square = \square$$

8

6

4

2

3

5

0

7

1

9

3.

$$5 + 4 = 9$$

$$9 - 3 = 6$$

$$9 - 2 = 7$$

$$9 - 7 = 2$$

$$9 - 4 = 5$$

$$7 + 2 = 9$$

$$2 + 7 = 9$$

$$6 + 3 = 9$$

$$3 + 6 = 9$$

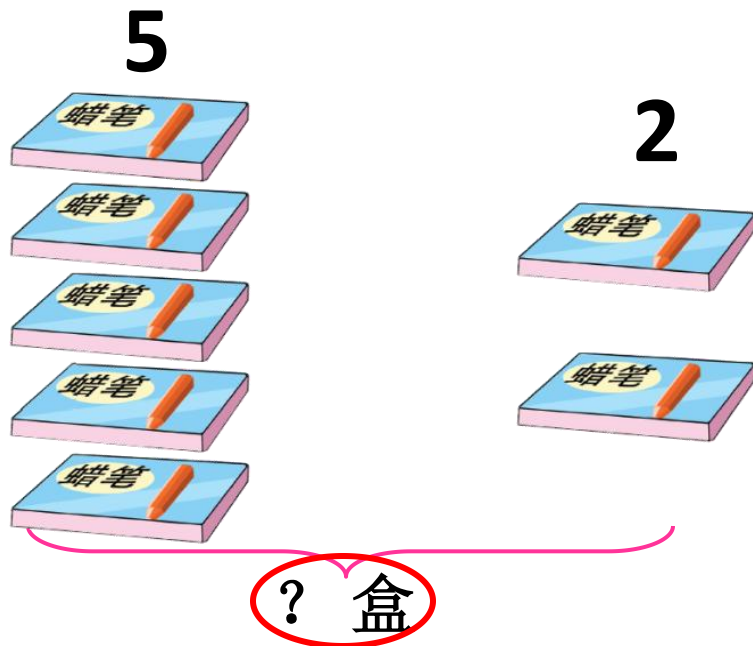

$$9 - 6 = 3$$

$$4 + 5 = 9$$

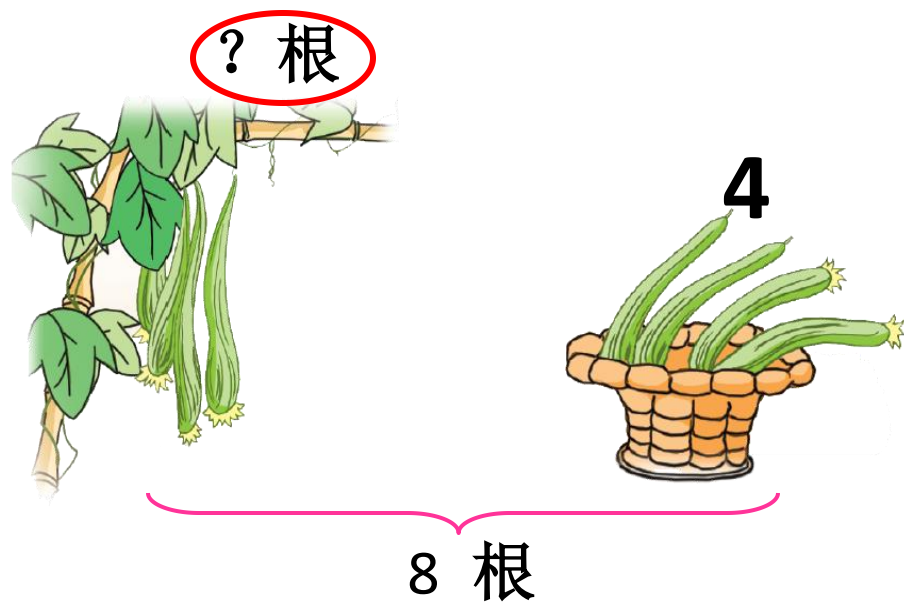

$$9 - 5 = 4$$

5.

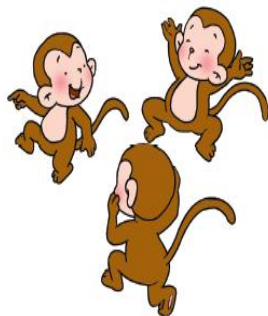

$$\boxed{5} + \boxed{2} = \boxed{7}$$

$$\boxed{8} - \boxed{4} = \boxed{4}$$

6. 先说一说，再计算。

原来有6只 ，

又来了 (3) 只，

一共有 9 只。

$$\boxed{6} \oplus \boxed{3} = \boxed{9}$$

4.

你能填出几道算式？

$$\square + \square = 9$$

$$9 - \square = \square$$
